Natural Dried Apricot

Sun-dried, sulphur-free natural Malatya apricot — export-standard calibre and packaging.

Sulphur-free dried apricot is obtained by drying fruit picked from apricot orchards in and around Malatya directly in the sun, without any sulphuring process. Because no sulphur is used, the fruit's natural sugar caramelizes and the characteristic dark amber-brown tone appears; this look is exactly what buyers seeking an unprocessed, additive-free product want. After the apricots are sorted into calibre (size) groups, they are prepared in batches with cleaning and moisture control.

GENERAL AND LOGISTICS INFORMATION

Origin	**Malatya, Türkiye**
Type	**Sun-dried, sulphur-free**
Calibre	**Jumbo / No.1–4, to request**
SO2 · moisture	**In line with the food codex; varies by batch, exact figure not committed to**
Packaging	**Carton or vacuum pouch, to request**
Delivery	**Domestic · Export (FOB/CIF)**
Sales unit	**Ton · Karton**
Category	**Dried Food**

KEY CHARACTERISTICS

- Sulphur-free, natural sun-dried
- Natural dark amber-brown color
- Additive-free processing
- Calibre (size)-sorted batches
- Malatya-sourced
- Suited to the natural / "clean label" segment

MAIN AREAS OF USE

- **Export & Wholesale** — Calibrated, export-ready batches for dried-fruit importers and wholesalers.
- **Food Industry** — As a natural dried-fruit input in muesli, granola, compote and bakery production.
- **Retail & Grocery** — Packaged or bulk to grocery chains and private-label lines.
- **Snacks & Nut Mixes** — As a natural component in packaged nut and dried-fruit mixes.
- **Natural / Clean-Label Segment** — Supply for niche and "clean label" shelves where no sulphur is wanted.

PACKAGING AND DELIVERY

Food-grade carton box, vacuum pouch or alternative packaging to request; export batches are prepared for palletized shipment.

Shipment note: Regular shipments to wholesalers and grocery chains domestically, and by the container to dried-fruit importers for export.
